PROFILE

Software Engineer with 2+ years of professional experience in backend and full-stack development, focused on Java and Spring Boot. Experienced in multi-tenant SaaS platforms, REST APIs and end-to-end feature delivery, with hands-on Redis, Docker, GitLab CI/CD, Ansible and Linux. Motivated to build scalable backend platforms and enterprise SaaS solutions with real-world impact.

Based in Mannheim, Germany · **Valid work authorization in Germany** · English C2, German B1–B2 actively improving

PROFESSIONAL EXPERIENCE

Software Developer | *Almaviva Technology, Tunisia* Apr. 2024 – Dec. 2025

- Built and maintained features of a multi-tenant SaaS platform using Java, Spring Boot, REST APIs, and MongoDB within an Agile/Scrum team.
- Implemented backend logic and integrations between services for enterprise customers, from requirements through delivery and production support.
- Handled tenant-specific configuration so one codebase could serve different customer environments.
- Improved performance through MongoDB aggregation tuning, asynchronous processing, and Redis caching, including cache invalidation to keep data consistent.
- Analyzed logs and debugged production issues; participated in code reviews, API documentation, and technical discussions.

Full-Stack Developer | *SQLI Services, Tunisia* Sep. 2023 – Apr. 2024

- Developed REST APIs and backend services using Java, Spring Boot, Spring Security, Node.js, and MySQL, including authentication workflows.
- Built frontend features with React, React Native, TypeScript, and Tailwind CSS.
- Automated builds and deployments with Docker and GitLab CI/CD; supported Nginx and Apache on Linux.

Software Development Intern | *DueToData, Tunisia* Feb. 2023 – Jul. 2023

- Built a Supply Chain Management platform using NestJS, React, PostgreSQL, and JWT, including REST APIs, data models, product tracking, and unit tests.

Software Development Intern | *Piximind, Tunisia* Jun. 2022 – Aug. 2022

- Built a browser extension for structured data extraction using Node.js, JavaScript, and Puppeteer.

SKILLS

Backend	Java, Spring Boot, Spring Security, REST APIs, Microservices, Multi-tenant SaaS, Node.js, TypeScript
Databases	PostgreSQL, MongoDB, MySQL, Redis, SQL, Query Optimization
DevOps & Cloud	Docker, Ansible, GitLab CI/CD, Git, Linux, Nginx, Apache, Azure; Kubernetes (CKAD in progress)
Practices	Agile/Scrum, Postman, API Testing, Jest, Code Reviews, Debugging, Log Analysis, Technical Documentation

EDUCATION

2020 – 2023	Engineering Degree in Telecommunications and Network Engineering , ENET'Com Sfax, Tunisia ZAB evaluation: Equivalent to a German Master's degree
2018 – 2020	Preparatory Classes in Physics and Chemistry , IPEI Nabeul, Tunisia

CERTIFICATIONS

- CKAD (Certified Kubernetes Application Developer) – *In Progress*
- Microsoft Azure Fundamentals (AZ-900)
- Microsoft Security, Compliance & Identity Fundamentals (SC-900)
- Cisco CyberOps Associate
- Microsoft MTA Python Programming
